40 YEARS OF GRIS – MORE THAN JUST COMPUTER GRAPHICS IN DARMSTADT
December 3, 2015 – TU Darmstadt, Maschinenhaus
40 years of Interactive Graphics Systems Group (GRIS), this is more than just the anniversary of a department at TU Darmstadt. The foundation of this department was also the nucleus of what we summarize under the heading of “Visual Computing” today. It started with the appointment of the first German professorship for Computer Graphics in 1975 and matured to several professorships for Visual Computing nowadays. They cover a wide variety of topics in Darmstadt and beyond.

We are celebrating this anniversary with a ceremony, scientific presentations, and awards of scientific papers within the scope of the traditional Computer Graphics Evening event.

You are cordially invited to come and celebrate with us!
Program

Block I: 40 Years of GRIS – More than just Computer Graphics in Darmstadt

10:00 Opening words

Greetings:
Prof. Hans-Jürgen Prömel, President of the TU Darmstadt
Jochen Partsch, Lord Major of Darmstadt
Prof. Reiner Hähnle, TU Darmstadt, Dean of Department of Computer Science
Prof. em. José Encarnação, first head of the Interactive Graphics Systems Group GRIS
Prof. Holger Theisel, German Informatics Society

12:00 Light Lunch

Block II: Visual Computing in Space and Time – Development and Trends

13:00 Talks:
Prof. Markus Gross, ETH Zurich
Prof. Oliver Bimber, Johannes Kepler University, Linz

14:30 Coffee Break

15:00 Talks:
Prof. Marc Alexa, TU Berlin
Prof. Reinhard Klein, University of Bonn

Block III: 17th Annual Computer Graphics Evening Event

16:30 Reception

17:30 Visual Computing in Darmstadt – today

18:00 Awards Ceremony
successfully completed doctorates, excellent publications and Bachelor's and Master's theses

19:30 Gala Dinner Buffet
Networking and closing of the day with a buffet in the Otto-Berndt-Hall
Venue:
TU Darmstadt
Maschinenhaus
Magdalenenstrasse 12
64289 Darmstadt, Germany
